

private dining

by MATHIAS DAHLGREN

Next to Seafood Gastro there are two separate areas for private dining. Here you have the opportunity to freely choose the direction of the menu and then Mathias' team puts their gastronomic stamp on the food and drink.

Alternatively, you're welcome to choose from our pre-designed menu suggestions.

With exclusive ingredients, finesse and knowledge of the highest level, we help you get the ultimate restaurant experience tailored to you and your party. There are two tables that can be booked either together or separately. Perfect for everything from breakfasts, lunches and dinners - for both business and private gatherings.
